Personal Statement

Web Developer with 1 year of experience in designing and developing user-friendly, responsive websites. Proficient in HTML, CSS, JavaScript, React JS, and Bootstrap, with a strong ability to collaborate with cross-functional teams to deliver high-quality web solutions. Passionate about learning new technologies and applying them to solve real-world problems.

Professional Experience

Web Developer | Hi-Techsters IT Services Pvt Ltd | Hyderabad, India | August 2023 – October 2024
Developed responsive and user-friendly websites, ensuring seamless integration of visuals and functionality by collaborating with backend developers and designers. Updated website content and features as per client requirements, monitored website performance, and attended client meetings to provide updates and gather feedback.

Education

Bachelor of Science (B.Sc.) in Mathematics, Statistics, and Computer Science | Government Degree College, Autonomous | Hyderabad, India | 2019 – 2022

Technical Skills

- **Front-End Development:** HTML, CSS, JavaScript, React JS, jQuery, Bootstrap, Tailwind CSS
- **Version Control:** Git, GitHub
- **Other Tools:** Responsive Design, Web Performance Optimization

Projects

PiDatacenters – <https://pIDatacenters.com/> & Pi Cloud - <https://picloud.ai/>

- Developed responsive web pages and updated content for both PiDatacenters and Pi Cloud as per client requirements.
- Ensured forms were functional and monitored email delivery for client communication.
- Created new pages and updated existing ones to align with client needs.
- Attended weekly client meetings to discuss progress, deliverables, and feedback.

- Worked closely with backend developers and designers to ensure seamless functionality and aesthetics.
- Conducted regular performance checks and optimizations for both websites.

Personal Projects

Worked on personal projects to apply and enhance technical skills.

Career Gap Explanation

I took a 6-month career break due to personal and family health challenges. During this time, I prioritized caring for my grandmother, who faced significant health issues, and addressed my own physical and mental well-being. While I requested remote work to balance these responsibilities, the company was unable to accommodate my request. This period taught me resilience, time management, and the importance of adaptability. I am now fully prepared to return to work and contribute effectively to a new team.

Hobbies and Interests

I enjoy cooking, reading comics, and learning about new technologies. I am always eager to explore interesting topics and expand my knowledge.

Request

I kindly request the opportunity to discuss my career gap and the steps I took during this period. I am eager to contribute my skills and experience to your team and would appreciate the chance to explain how I can add value to your organization.

Thank you for considering my application. I look forward to hearing back from you and learning more about the position.

Sincerely,
Y. Shruthi.
